- ✗ Try to scale on their own—yet earn less profits
- ✗ Lack a plan to grow & sell the business
- ✗ Lose customers to competitors

I'm reaching out to podcasters to 'give back.' Think you'd enjoy a relaxed conversation online? So your audience could move forward—immediately?

It's really quite simple...

For business owners across the globe, I want to create...

More of this...

- ✓ Businesses with more members
- ✓ A business less reliant on them
- ✓ A company they can sell
- ✓ More time to do other things
- ✓ More hires doing what they were built for

Less of this...

- ✗ Keep struggling to grow the biz
- ✗ Keep searching for the right staff
- ✗ Keep wondering what to do next
- ✗ Keep doing too much themselves
- ✗ Stay shackled to the business
